Documents prove the Dutch Government is colluding with the WEF to implement The Great Reset

Documents released in response to an FOI request submitted by a member of the Dutch House of Representatives show that the Dutch Government is colluding with the World Economic Forum to implement The Great Reset.

Rutte

Dear persoonsnaam hope all is well.

On 25 January at the start of The Davos Agenda, Professor Klaus Schwab will be releasing his new book, titled "Stakeholder Capitalism". In it, he deals with the great challenges the world is facing, including income inequality, the climate crisis, and the increasing "winner-take-all" nature of the global economy.

As Professor Schwab greatly values the Prime Minister's approach to governance and sees many similarities with his vision on stakeholder capitalism, he wanted to ask if the Prime Minister would be willing to provide a short recommendation for the book's promotion. This could be 1-3 sentences, or 30-50 words. You may find attached the manuscript, and here a sample recommendation:

Stakeholder Capitalism provides an eye-opening account of the progress, challenges, and major issues with the global economy. But it also gives us a glimpse into a future world, where progress can once again be widely shared, and countries collaborate to ensure a healthy planet for future generations. A must-read.
John Doe, President, Country

Unfortunately we do have a bit of a short timeframe however, as we would need the text by 15 December when the manuscript will be going to the final stages of the publishing process.

We do recognize that this is a very short notice, but Professor Schwab would be very appreciative to receive the Prime Minister's recommendation for his newest piece.

Many thanks for letting us know, and I remain at your disposal for any questions.

Best,

Onderwerp: RE: Prime Minister's Recommendation for 'Stakeholder Capitalism,' New Book from Professor Klaus Schwab

Dear [persoonsnaam],

What an honourable request from Mr Swab I must say. So I checked with the Prime Minister and on behalf of him, I can inform you that the following quote could be added:

In *Stakeholder Capitalism* my good friend Professor Schwab outlines an inspiring way forward in making the global economy more equitable, sustainable and future-proof. A vision that fits in perfectly with all his efforts over the years to build a better world. Once again, Professor Schwab gives us food for thought and reflection with this fascinating book.

- Mark Rutte, Prime Minister of the Netherlands

Please let me know if this fits within the expectations.

Both warm and health wishes to you,

Kind regards,
[persoonsnaam]

Dear Professor Schwab,

Thank you for your kind letter of 13 October inviting me to the 48th World Economic Forum Annual Meeting from 23 to 26 January next year in Davos. More than ever, it is of vital importance to sustain a dialogue between politicians, business leaders, academics and civil society. I am always grateful for the opportunity to participate in this dialogue in Davos. I would be delighted to attend, and especially to meet you again and continue our exchange of ideas.

I would like to take this opportunity to reaffirm the importance of the World Economic Forum to the government of the Netherlands. The participation of a substantial Dutch delegation in last year's Annual Meeting gave a further boost to my country's already excellent relationship with the Forum. I am confident that involvement in its activities this year by the ministers of the new Dutch government, as well as the ongoing engagement of senior Dutch civil servants, will be of great value. As a follow-up to the Annual Meeting, I would like to invite you to an informal lunch in The Hague later in 2018, to further pursue our dialogue. If you are interested, I suggest that our staff get in contact to arrange a mutually convenient date and discuss the further details.

Dear [REDACTED]

On 12 March 2021, you requested on behalf of the World Economic Forum a subsidy of €651,000, for the period 2021 up to 2023, in connection with the establishment and development in the Netherlands of the Global Coordinating Secretariat ("GCS"), in accordance with the provisions of the attached collaboration agreement (Annex 1).

I hereby grant to the World Economic Forum, as part of my policy on innovation, a subsidy for the implementation of the project for which you have requested me to contribute, pursuant to Article 2(b) of the Ministry of Economic Affairs Subsidy Framework Act and under the conditions set out in the aforementioned agreement. Following the information contained in the aforementioned agreement, I hereby determine the amount of the subsidy at € 651,000. This amount includes all taxes, if any.

Under the suspensive condition that you provide me with an authentic signed copy of the collaboration agreement before May, 31, 2021, a first instalment of this amount of € 217,000 will be paid within 6 weeks of the date of this decision, to your following bank account number:

Account Name: World Economic Forum
Bank Name: [REDACTED]

Beschouwt u het World Economic Forum (hierna: WEF) als een entiteit met enig gezag? Zo ja, waarom? Zo nee, hoe beschouwt u het WEF dan wel? Erkent u dat het WEF op geen enkele wijze democratisch gelegitimeerd is?

Antwoord

Het World Economic Forum is een organisatie die perspectieven uit de wetenschap, de publieke en de private sector bij elkaar brengt. Het WEF is geen democratisch gekozen entiteit.

Gert-Jan Segers liegt keihard over WEF-banden ChristenUnie- minister Schouten: 'Ze heeft nog nooit deelgenomen!'

Hoe zien de onderlinge verhoudingen of samenwerkingen tussen de Nederlandse staat en het WEF (op welk gebied en in welke vorm dan ook) er precies uit? Kunt u een overzicht geven van alle overeenkomsten (mondeling en schriftelijk) die er bestaan tussen (vertegenwoordigers van) de Nederlandse staat en (vertegenwoordigers van) het WEF? In hoeverre zijn de gemaakte afspraken (juridisch) bindend?

Antwoord

Nederlandse bewindspersonen nemen regelmatig op uitnodiging deel aan door het WEF georganiseerde bijeenkomsten. Daarnaast is sprake van samenwerkingsverbanden met het WEF die zijn vastgelegd in overeenkomsten op de volgende terreinen:

- Sustainable Investment Policy
- Tropical Forest Alliance
- Food Systems Initiative
- Food Innovation Hubs

De in deze overeenkomsten vastgelegde verplichtingen zijn juridisch bindend.

3

Kunt u zich herinneren dat u tijdens de bijeenkomst van het WEF op 27 januari jl. uw steun heeft uitgesproken voor het plan van het WEF om een “wereldwijde voedseltransitie” te realiseren?¹

Antwoord

Er is bij het kabinet geen plan van het WEF voor een wereldwijde voedseltransitie bekend.

4

Wat zijn de verwachte gevolgen van de beoogde wereldwijde voedseltransitie voor de voedselvoorziening in Nederland? Wat zijn de verwachte gevolgen voor onze agrarische sector?

Antwoord

De Nederlandse agrifood, tuinbouw en veredeling sectoren zijn wereldspelers als het gaat om kennis en technieken voor het duurzaam produceren en verwerken van voedsel. Die kennis en innovatie gaat al de wereld over, denk bijvoorbeeld aan het bedrijf East-West Seed van Simon Groot dat miljoenen kleine boeren voorziet van goed zaaigoed. Met FoodValley als Europese Food Innovation Hub en het Global Coordinating Secretariat in Nederland kunnen we die kennis en kunde nog veel meer delen met de wereld. Daarmee blijft de Nederlandse agrarische sector van groot belang voor mondiale voedselzekerheid.

5

Kan het plan voor een wereldwijde voedseltransitie tot gevolg hebben dat Nederland direct of indirect in enige mate controle verliest over de eigen voedselvoorziening? Zo ja, op welke wijze? Zo nee, hoe kunt u dat uitsluiten?

Dear Minister,

Congratulations on your appointment as Minister for Medical Care. I wish you all the success and strength to fulfil your new responsibilities. The World Economic Forum would be delighted to support you in your role through its unique and highly visible multistakeholder platform. I am therefore pleased to invite you to engage in our Global Health and Healthcare agenda as a Steward of the System Initiative on the Future of Health and Healthcare.

Congratulations on your appointment as Minister for Medical Care. I wish you all the success and strength to fulfil your new responsibilities. The World Economic Forum would be delighted to support you in your role through its unique and highly visible multistakeholder platform. I am therefore pleased to invite you to engage in our Global Health and Healthcare agenda as a Steward of the System Initiative on the Future of Health and Healthcare.

By 2050, the world will be home to nearly 9.7 billion people, with 2 billion over the age of 60. The world is ill-equipped to respond to this, not least because disease prevention mechanisms will have to be innovated to create environments where individuals live healthier and longer lives. The System Initiative on the Future of Health and Healthcare provides a unifying framework for health promotion and disease prevention, access to deep expertise, and unique opportunities for public and private sector collaboration. As part of the System's Value in Healthcare project, we have engaged extensively with stakeholders across a variety of global healthcare systems and population segments. In the Netherlands, we are currently engaging with stakeholders from your ministry and the private sector to explore the role of informatics as a key enabler of "person-centric" healthcare and as a key driver of value across the care chain for patients. We would be honoured to continue this work under your leadership.

As a Steward of the System Initiative on the Future of Health and Healthcare, you would join selected chief executive officers, ministers, heads of international organizations and top civil society and academic experts to provide vision and strategic guidance for flagship activities of the System Initiative and engage in ongoing strategic dialogue to help the international community set priorities and align efforts. This appointment starts in November 2017 and the role entails:

- Joining the Stewards session during the Annual Meeting in Davos-Klosters;
- Two teleconferences with the members of the System Initiative Stewards Community;
- A 30-minute on-boarding call with the System Initiative Team at the World Economic Forum.

Being a Steward is an informal appointment and does not require the endorsement of any policy or statement of the Forum or its members. To support you in your role of Steward, you are invited to nominate one executive from your government to serve as a senior deputy. I hope that you will accept this invitation to be recognized as a leading force for global progress on the health and healthcare agenda through public-private partnership. We look forward to your response.

ALGEMENE BOODSCHAP

- Het WEF is bij uitstek de gelegenheid om in korte tijd veel interessante gesprekspartners te treffen [o.a. premier Ardern van Nieuw-Zeeland, president Porosjenko van Oekraïne, Tim Cook van Apple, Jack Ma van Alibaba].

Naast mijzelf zijn ministers Kaag, Hoekstra, Bruins, Van Nieuwenhuizen en staatssecretaris Van Veldhoven namens het kabinet in Davos. Koningin Máxima is in haar hoedanigheid als UNSGSA aanwezig en als vanouds is er een ruime vertegenwoordiging van het Nederlands bedrijfsleven en de kennisinstellingen.

Actieve hoedschan

- Ik spreek hier dan ook met gesprekspartners van verschillende pluimage: politici natuurlijk (o.a. Andrej Plenković, Volodymyr Zelensky, Iván **Duque** Márquez, Ana Brnabić) maar ook vertegenwoordigers van het bedrijfsleven (o.a. topmensen Tata Steel, IBM, Facebook, Apple) en wetenschappers zoals Yuval Noah

- Het zou mij alleen zeker niet lukken om in de korte tijd die we hier hebben alle voor ons relevante mensen te spreken. Het is dan ook goed dat ook de ministers Kaag, Hoekstra en Bruins en Van Veldhoven hier zijn, elk met hun eigen programma. Ook Koningin Máxima is in Davos, in haar hoedanigheid als Secretary-General's Special Advocate for Inclusive Finance for Development (UNSGSA).

Dear Prime Minister,

I would like to express my sincere gratitude for your participation in the Annual Meeting 2016, which took place under the theme "Mastering the Fourth Industrial Revolution". Your engagement, together with that of all World Economic Forum communities, is helping to strengthen public-private cooperation.

At the rise of the Fourth Industrial Revolution, your active participation in the programme has brought forward solutions to address the growing challenges of an ever more complex and interconnected world. The strategic insights and the impact achieved demonstrate your commitment to improving the state of the world.

We greatly value your active contributions, including your insightful remarks during the "Future of Europe" plenary session and the "Fourth Industrial Revolution: Setting the Agenda for Europe" dinner, which were especially cherished by participants. We also hope that the insights drawn from your participation in the Annual Meeting will help to further your country's presidency of the Council of the European Union.

Over the coming year, the World Economic Forum will continue to deliver on its mission and looks forward to your continued support and collaboration. On behalf of Forum Members and constituents, thank you again for your important and valuable contributions.

Date 28 January 2016

Dear Professor Schwab,

I look back with great pleasure on my visit to this year's annual meeting of the World Economic Forum, held in Davos last week. I appreciated your personal involvement in organising the animated discussion on 'The Future of Europe' and couldn't have hoped for a better venue for delivering several key messages at the start of the Netherlands' Presidency of the Council of the European Union. I would of course also like to thank you for taking the time to meet with Queen Máxima and myself.

The theme of this year's annual meeting, 'Mastering the Fourth Industrial Revolution', inspired me and many others to think about the impact of the latest wave of technological innovations on society and business. I was glad to contribute to the dinner event, where this theme was examined in a European perspective. I am certain your book on this theme will be widely discussed, and I plan to take it with me on my trip to Silicon Valley next week.

I am very happy with how the relationship between the World Economic Forum and the Netherlands has grown over the years. Queen Máxima and I, as well as members of my cabinet, greatly enjoyed taking part in the discussions in Davos. I also appreciate the meaningful and pleasant working relationship we have enjoyed over the past year, and I look forward to our continued cooperation.

Dear Professor Schwab,

It is my pleasure to confirm my attendance at the annual meeting of the World Economic Forum in Davos in January 2017. The trip to Switzerland in midwinter is always a delight for me and a highlight of the new year.

This year, I will be in Davos from Wednesday night to Thursday night. The year ahead will be a special one for the government of the Netherlands, with elections due in March 2017. In light of the chosen theme – 'responsive and responsible leadership' – this year's annual meeting in Davos promises to be especially interesting.

I look forward to inspiring and fruitful discussions.

Dear Prime Minister,

I would like to express my sincere gratitude for your participation in the Annual Meeting 2017. Your engagement, together with that of other stakeholders globally, strengthens collaborative efforts to address the key global issues.

We have once again made progress on many workflows and launched a number of significant initiatives. In particular, thank you for your outstanding contributions to the "Which Europe Now" panel, as well as your active contributions to the first Europe Regional Strategy Group meeting on "A New Compact for Europe". As every year, **thank you for the strong support and engagement of your government in the Forum's initiatives.**

You can rely on the World Economic Forum to continue to deliver on its mission. In this, we look forward to your sustained support. On behalf of Forum members and constituents, thank you again for your important and valuable contributions.

Yours sincerely,

Globalization 4.0: Shaping a Global Architecture in the Age of the Fourth Industrial Revolution

The Davos 2019 Manifesto

We need a new framework for global cooperation in order to preserve peace and accelerate sustainable progress. After the Second World War, leaders from across the globe came together to design a new set of institutional structures to enable the post-industrialized world to collaborate towards building a shared future. **The world has changed and, as a matter of urgency, we must undertake this process again.**

rather, the world has changed one, as a matter of urgency, we must undertake this process again.

This time, however, the change is not merely one of a geopolitical nature, or even of an economic one. Rather, we are experiencing a change to the very fabric of how individuals and society relate to each other and to the world at large. Understanding that this change is already underway, and that we positively and proactively determine its outcome, provides the opportunity – and responsibility – to ensure that we build new institutions, or adapt existing ones, as well as a new society founded on ethics, integrity, and security for important values like inclusivity and privacy.

To start, we need to take stock of our current context. We are living in the age of the Fourth Industrial Revolution (4IR). Economies, businesses, societies, politics are not just changing – they are fundamentally transforming. Reforming our existing processes and institutions will not be enough. Rather, we need to redesign them by anticipating the forces of change and shaping strategies that leverage the abundance of new opportunities and avoid the great risks inherent in such disruptive periods. If we wait, or just apply a "quick fix" to repair the deficiencies of outdated systems, the forces of change will naturally develop their own momentum and rules, and thus limit our ability to shape a positive trajectory and outcome.

How can the 4IR be described and understood?

First, its force is developing exponentially. What was considered science fiction only a few years ago has become today's reality.

Second, its impact is comprehensive and all-encompassing. The innovative force of the 4IR is not just related to some specific products or services, but rather redefines the whole system of how we produce, consume and communicate.

6. The future cannot be based on the dangerous duality of nationalism versus globalism. We are all part of a local, national and global community. This means that in the modern world we exercise three different but complementary identities. We should not pit one of these identities against the other, but rather look for the right balance to sustain all three. We have our local roots, our lives are mainly integrated into a national framework of rights and duties, and we also share opportunities and threats which can only be addressed by exercising a global identity.

After the Second World War, leaders from all sectors of society came together to help create the global frameworks needed for living together in an environment of continuous peace, security and prosperity. And they designed the organizations and institutional processes that would work together to achieve this. Since that time, however, the world has radically changed. A new approach is now called for, one where – together – we shape our global future through our sustained commitment to improve the state of the world.

It is my great pleasure and honour to invite you to the 51st World Economic Forum Annual Meeting, which will take place from 26 to 29 January 2021 in Davos-Klosters, Switzerland.

With this true global gathering, bringing together political, business, civil society and media leaders at the highest level, the Forum aims to provide a clear signal, at the beginning of next year, that the world has moved out of the COVID-19 pandemic. The discussions will focus on shaping policies for the post-COVID-19 era under the theme of the Great Reset.

Of course, the meeting will only be held if the Forum can guarantee the safety and health of all participants.

As a member of the Regional Action Group for Europe and Eurasia, your contribution to the work of the Great Reset will be especially critical at the Annual Meeting. In view of the long-term consequences of the pandemic for fiscal policy and public finance, your participation would be crucial to shaping the future of the global financial system.

The Forum will work with your staff to ensure that your participation becomes a major force in shaping the Great Reset. I look forward to welcoming you in Davos.

It is my great pleasure and honour to invite you to the 51st World Economic Forum Annual Meeting, which will take place from 26 to 29 January 2021 in Davos-Klosters, Switzerland.

With this true global gathering, bringing together political, business, civil society and media leaders at the highest level, the Forum aims to provide a clear signal, at the beginning of next year, that the world has moved out of the COVID-19 pandemic. The discussions will focus on shaping policies for the post-COVID-19 era under the theme of the Great Reset.

Of course, the meeting will only be held if the Forum can guarantee the safety and health of all participants.

As you co-chair the Forum's Global Action Group and are a member of the Regional Action Group for the Middle East and North Africa, your contributions to the work of the Great Reset will be especially critical at the Annual Meeting. Your participation in the deliberations in Davos would also ensure that the Netherlands take a large role in shaping the future of the global trading system.

The Forum will work with your staff to ensure that your participation becomes a major force in shaping the Great Reset. I look forward to welcoming you in Davos.

Yours sincerely,

Warmest regards.

Subject: TIME SENSITIVE Message from GPMB Co-Chairs: review of draft GPMB Statement on 2019-novel coronavirus

Importance: High

Dear Board members,

Thank you to all who participated in yesterday's teleconference call regarding the novel 2019-Coronavirus outbreak.

We received excellent updates from WHO and from Professor Gao.

There was consensus for the GPMB to issue a statement supportive of countries' (especially China) and WHO response efforts, and to call for urgent actions to further strengthen global preparedness and response to this outbreak.

Please find attached a draft GPMB Statement.

We ask that you please send us any feedback (preferably in track change mode) no later than 1700 Wednesday 29 January, Geneva time

Thank you very much.

Kinds regards,

Gro and As

Re WEF Global Coordinating Secretariat

Dear [REDACTED],

On behalf of the Dutch Ministers of Economic Affairs and Climate Policy and Agriculture, Nature and Food quality together with the Regional Development Agency Oost NL this letter provides prior to the official signing of the letter of intent further clarification by the Dutch authorities on the offer that has been made to the World Economic Forum (WEF) in order for the Netherlands to be the best suited host for the Global Coordinating Secretariat (GCS). The GCS has the aim to support and coordinate the activities of the network of Food Innovation Hubs worldwide.

This letter is the result of a constructive discussion between representatives of WEF, representatives of the Dutch Ministry of Economic Affairs and Climate Policy, Ministry of Agriculture, Nature and Food Quality, Oost NL, Wageningen University and Research, Foodvalley NL and representatives of Unilever, DSM and Rabobank concerning the establishment of a European Food Innovation Hub in Wageningen as well as the hosting of a Global Coordinating Secretariat.

As a first result of this discussion, FoodvalleyNL will host the European Food Innovation Hub as announced during the Bold Actions for Food as a Force for Good event and confirmed in a separate letter by Mrs. Edith Schippers, chairman of Foodvalley NL.

A second outcome of the discussion is the letter of Intent agreed between the WEF and the Dutch government to host the Global Coordinating Secretariat (GCS) in the Netherlands. The letter of intent also details the intended scope and basis of the GCS.

We strongly believe that establishing the GCS in the Netherlands will be mutually beneficial and proof of great benefit to the efficacy and impact of the global network of Food Innovation Hubs. The goals of the food innovation hubs are very much in line with the goals of our innovation- and agricultural policy and an effective GCS in the Netherlands also contributes to the impact of our mission driven innovation policy, executed by our tripartite topsectors on Agrifood, Horticulture and Startling materials.

The Great Reset – WEF

THE GREAT ➤ RESET

There is an urgent need for global stakeholders to cooperate in simultaneously managing the direct consequences of the COVID-19 crisis. To improve the state of the world, the **World Economic Forum** is starting The Great Reset initiative.

E-006670/2020

Question for written answer E-006670/2020 to the Commission Rule 138 Christine Anderson (ID)

Answer in writing

► Subject: Impact of the Bilderberg meetings and World Economic Forum and cooperation with them

The Bilderberg meetings⁽¹⁾ and World Economic Forum⁽²⁾ (including the Young Global Leaders and Global Shapers) each bring together influential personalities from all parts of the world at regular intervals for interesting and fruitful exchanges of views.

These meetings are likely to address issues related to culture, art, education, sport and other issues also discussed in the Committee on Culture and Education. The outcomes of these meetings are likely to have a political and social impact. Indeed these organisations influence the lives of citizens and society in the same way as politicians, who are, however, acting on behalf of the public.

1. What view does the Commission take of such organisations and what is its assessment of their impact on society? Is there any degree of personal involvement or even systematic cooperation?
2. Does the Commission regard this as a challenge to its own political decision-making powers or those of the EU Member States, especially given its obligation to act on behalf of EU citizens and uphold their interests?
3. Does the Commission concur with the objectives of the above organisations and is funding being made available to them?

Agenda 21 - UN

Agenda 21

UNCED, 1992

Agenda 21 is a comprehensive plan of action to be taken globally, nationally and locally by organizations of the United Nations System, Governments, and Major Groups in every area in which human impacts on the environment.

Agenda 21, the Rio Declaration on Environment and Development, and the Statement of principles for the Sustainable Management of Forests were adopted by more than 178 Governments at the United Nations Conference on Environment and Development (UNCED) held in Rio de Janeiro, Brazil, 3 to 14 June 1992.

The Commission on Sustainable Development (CSD) was created in December 1992 to ensure effective follow-up of UNCED, to monitor and report on implementation of the agreements at the local, national, regional and international levels. It was agreed that a five year review of Earth Summit progress would be made in 1997 by the United Nations General Assembly meeting in special session.

The full implementation of Agenda 21, the Programme for Further Implementation of Agenda 21 and the Commitments to the Rio principles, were strongly reaffirmed at the World Summit on Sustainable Development (WSSD) held in Johannesburg, South Africa from 26 August to 4 September 2002.

De middelen

Structuur en inhoud [\[bewerken | brontekst bewerken \]](#)

Er zijn 40 hoofdstukken in Agenda 21, die in vier secties zijn verdeeld:

Sectie I – Sociale en Economische Dimensies

bestrijding van armoede, verandering in consumptiepatronen, bevolking en demografische dynamica, gezondheid.

Sectie II – Behoud en Beheer van Middelen voor Ontwikkeling

waaronder bescherming van de aardatmosfeer, de strijd tegen [ontbossing](#), [biodiversiteit](#), en controle van verontreiniging.

Sectie III – Het versterken van de Rol van Belangrijke Groepen

waaronder de rollen van kinderen en de jeugd, vrouwen, plaatselijk autoriteiten en arbeiders.

Sectie IV – Middelen van Implementatie

waaronder wetenschap, technologieoverdracht, onderwijs, internationale instellingen en mechanismen en financiële mechanismen.

Agenda 2030

SUSTAINABLE DEVELOPMENT GOALS

What are the Sustainable Development Goals?

The Sustainable Development Goals (SDGs), also known as the Global Goals, were adopted by the United Nations in 2015 as a universal call to action to end poverty, protect the planet, and ensure that by 2030 all people enjoy peace and prosperity.

The 17 SDGs are integrated—they recognize that action in one area will affect outcomes in others, and that development must balance social, economic and environmental sustainability.

Eugenics

From Wikipedia, the free encyclopedia

For the album, see [Eugenics \(album\)](#).

Eugenics (/ˈjuːˈdʒɛnɪks/ *yoo-JEN-iks*; from Greek εὖ- 'good' and γενής 'come into being, growing')^{[1][2]} is a set of beliefs and practices that aim to improve the genetic quality of a human population,^{[3][4]} historically by excluding people and groups judged to be inferior or promoting those judged to be superior.^[5] In recent years, the term has seen a revival in bioethical discussions on the usage of new technologies such as CRISPR and genetic screening, with a heated debate on whether these technologies should be called eugenics or not.^[6]

The concept predates the term; Plato suggested applying the principles of selective breeding to humans around 400 BC. Early advocates of eugenics in the 19th century regarded it as a way of improving groups of people. In contemporary usage, the term *eugenics* is closely associated with scientific racism. Modern bioethicists who advocate new eugenics characterize it as a way of enhancing individual traits, regardless of group

landverraad

Landverraad is een verzamelnaam van misdrijven waarbij de externe veiligheid van een land in gevaar wordt gebracht. Hieronder vallen onder meer het doorspelen van staatsgeheimen aan een vreemde mogendheid en het medewerking verlenen aan een vijand in oorlogstijd (collaboratie).

Anton Mussert, leider van de NSB, en Léon Degrelle worden als de bekendste landverraders van respectievelijk Nederland en België beschouwd, omdat zij tijdens de Tweede Wereldoorlog met de bezetter samenwerkten,

strafrecht

Artikel 93 WvSr.

De aanslag ondernomen met het oogmerk om het Rijk geheel of gedeeltelijk onder vreemde heerschappij te brengen of om een deel daarvan af te scheiden, wordt gestraft met levenslange gevangenisstraf of tijdelijke van ten hoogste dertig jaren of geldboete van de vijfde categorie.

Artikel 93 WvSr

5. Schuldverband: opzet. Een aanslag vereist een door een begin van uitvoering geopenbaard 'voornemen' (art. 79). Dit betekent dat de eigenlijke delictshandeling met (voorwaardelijk) opzet moet zijn verricht. *Bijkomend oogmerk.* Op het moment van deze delictshandeling moet de dader bovendien het in deze bepaling genoemde oogmerk hebben gehad. Niet relevant is of de dader ook andere doelen voor ogen had dan het doel dat in de delictsomschrijving uitdrukking vindt. Naar algemene opvatting valt onder oogmerk geen voorwaardelijk opzet (De Hullu 2003 IV.4.2; DJK 2003, p. 116-119) maar of dat ook hier geldt is de vraag, aangezien in HR 27 mei 1929, NJ 1929, 1269 het oogmerk uit deze bepaling met opzet werd gelijkgesteld; daar staat tegenover dat voorwaardelijk opzet toen nog niet was aanvaard als een onder het bestanddeel opzettelijk vallende opzetvorm. Voorbedachte raad is niet vereist.

8. Bijzonderheden met betrekking tot de vervolging. Bij een klacht over niet-vervolgung terzake van dit delict, wordt iedere Nederlander geacht 'belanghebbende' te zijn in de zin van art. 12 Sv (Hof Den Haag 2 april 1947, NJ 1948, 333).

strafrecht

Artikel 97a WvSr.

Hij die met een in het buitenland gevestigd persoon of lichaam in verbinding treedt met het oogmerk om een zodanig persoon of lichaam tot het verschaffen van steun aan het voorbereiden, bevorderen of teweeegbrengen van omwenteling te bewegen, om een zodanig persoon of lichaam in het daartoe opgevatte voornemen te versterken of aan een zodanig persoon of lichaam daarbij hulp toe te zeggen of te verlenen, of om omwenteling voor te bereiden, te bevorderen of teweeeg te brengen, wordt gestraft met levenslange gevangenisstraf of tijdelijke van ten hoogste dertig jaren of geldboete van de vijfde categorie.

Artikel 97a WvSr.

1. **Algemeen/beschermd belang.** Deze bepaling beoogt — evenals die van art. 94 en 97b — de grondwettige regeringsvorm en de orde van troonopvolging te beschermen tegen onwettige verandering of vernietiging (zie art. 80bis). *Inwerkingtreding huidige wettekst.* Het oorspronkelijke, bij Wet van 28 juli 1920, Stb. 619 (i.w.tr. op 6 augustus 1920) ingevoegde art. 97a is gewijzigd bij — en opgesplitst in de art. 97a en 97b door — de Wet oorlogsstrafrecht (Wet van 10 juli 1952, Stb. 408, i.w.tr. op 5 augustus 1952). Laatstelijk is de onderhavige bepaling gewijzigd bij Wet van 10 maart 1984, Stb. 91 (i.w.tr. op 1 mei 1984).

6. **Samenhang.** Met de bepaling in art. 102 (zie IV, 1, 102) samenhangend het buitenland gevestigd persoon/lichaam

7. **Schuldverband: opzet.** Het opzet van de onderhandelaar moet op benadeling van de staat zijn gericht. Het opzet omvat alle gradaties van opzet, voorwaardelijk opzet daaronder begrepen.

8. **Overige delictsbestanddelen.** a) **Van regeringswege opgedragen onderhandeling.** De direct of indirect gegeven opdracht kan in een algemene vertegenwoordigingsbevoegdheid besloten liggen (NLR, suppl. 112, aant. 4 bij art. 99). b) **Ten nadele van de staat.** De rechter zal bij de vaststelling hiervan alle openbare belangen van het gehele Koninkrijk en van de daaronder ressorterende gebiedsdelen in ogenschouw moeten nemen (NLR, suppl. 112, aant. 6 bij art. 99).

Artikel 99 WvSr.

Hij die een hem van regeringswege opgedragen onderhandeling met een buitenlandse mogendheid opzettelijk ten nadele van de staat voert, wordt gestraft met gevangenisstraf van ten hoogste vijftien jaren of geldboete van de vijfde categorie.

Artikel 99. Hij die een hem van regeringswege opgedragen onderhandeling met een buitenlandse mogendheid opzettelijk ten nadele van de staat voert, wordt gestraft met gevangenisstraf van ten hoogste vijftien jaren of geldboete van de vijfde categorie.

1. **Algemeen/beschermd belang.** Deze bepaling beoogt de onderhandelingspositie van de staat ten opzichte van buitenlandse mogendheden te beschermen tegen moedwillige benadeling door eigen onderhandelaars. *Gevaarzetting.* Aannemelijk is dat voor strafbaarheid onder deze bepaling reeds het scheppen van de mogelijkheid van nadeel voor de staat voldoende is (vgl. NLR, suppl. 112, aant. 6 bij art. 99). *Rechtsmacht.* Nederland stipuleert geen rechtsmacht voorzover dit misdrijf door niet-Nederlanders buiten het Rijk in Europa wordt gepleegd (zie art. 4 sub 1 jo art. 5 lid 1, 1°). *Inwerkingtreding huidige wettekst.* Deze bepaling is gewijzigd bij de Wet oorlogsstrafrecht (Wet van 10 juli 1952, Stb. 408, i.w.tr. op 5 augustus 1952) en — laatstelijk — bij Wet van 10 maart 1984, Stb. 91 (i.w.tr. op 1 mei 1984).

2. **Kwalificatie.** 'Een hem van regeringswege opgedragen onderhandeling met een buitenlandse mogendheid opzettelijk ten nadele van de staat voeren'.

ondermijning

Subversie (van het Latijnse woord subvertere , 'omverwerping') verwijst naar een proces waarbij de waarden en principes van een bestaand systeem worden tegengesproken of omgekeerd in een poging om de gevestigde sociale orde en zijn structuren van macht , autoriteit , hiërarchie , en sociale normen. Subversie kan worden omschreven als een aanval op het publieke moreel en: "de wil om ingrijpen te weerstaan is het product van gecombineerde politieke en sociale of klassenloyaliteiten die gewoonlijk aan nationale symbolen worden gehecht. Na penetratie, en parallel met de gedwongen desintegratie van politieke en sociale instellingen van de staat, deze tendensen kunnen worden losgemaakt en overgedragen aan de politieke of ideologische zaak van de agressor"

Auto-coup

Een zelfcoup , ook wel autocoup genoemd (van het Spaanse autogolpe), is een vorm van staatsgreep waarbij de leider van een natie, die op legale wijze aan de macht is gekomen, de nationale wetgever ontbindt of machteloos maakt en onrechtmatig buitengewone bevoegdheden overneemt die niet verleend onder normale omstandigheden. Andere maatregelen die kunnen worden genomen, zijn onder meer de nietigverklaring van de grondwet van het land , de schorsing van civiele rechtbanken en het laten overnemen van dictatoriale bevoegdheden door het regeringshoofd . [1] [2]

Tussen 1946 en 2020 hebben naar schatting 148 pogingen tot staatsgreep plaatsgevonden: 110 in autocratieën en 38 in democratieën .
